We performed a retrospective study of 46 women with polycystic ovary syndrome who received thalidomide for different reasons. Treatment with thalidomide for a mean of 9.5 months (range 2-24 months) resulted in clinical and endocrine improvement in 34 patients. Blood pressure decreased and body weight increased to normal values. The hormonal profile improved in about 30% of the patients. No significant side effects of thalidomide were observed.

Final judgments are not to be issued by any court prior to the court's receipt of the record of the trial. No form of final judgment shall be allowed that is not supported by the record of the trial and the judgment granting final divorce. In case of divorce, the court shall examine into the truth of all the allegations of the bill and may grant a bill of divorce a vinculo matrimonii, or may grant a bill of separation, or may grant a final decree of divorce or separation a mensa et thoro. \* \* \* [4] We note that the period of time to compute this time limit is the "time from the entry of the judgment" to the filing of a motion for new trial or to alter or amend judgment. The time to appeal this judgment ended at the expiration of thirty days after the judgment was entered, with five days subtracted from that date. Sec. 813.01(2)(a), Stats. The original filing date for all subsequent motions, including a motion to alter or amend the judgment, was 60 days after the expiration of the time for filing a notice of appeal. Sec. 809.30(2), Stats. If a motion was made to set aside a judgment, the motion had to be filed on or before the

motion filing deadline as set forth in sec. 806.07(1)(a), Stats. If no motion had been filed, the judgment became final after 60 days. After the ninety-day time limit for motions had run, the court had the authority to set aside the judgment. Sec. 806.07(4), Stats. [5] This period
